**AL JAMA-AH CALLS FOR HAMAS TO RELEASE ALL HOSTAGES, IN RETURN OF
A CEASEFIRE:**

The AL AQSA, flood has opened the eyes of the world that the real enemy of humanity is Biden, Sunak, and Macron. AL JAMA-AH is making a call from the South African Parliament to Hamas to release all hostages in return for a ceasefire and release of all children in Israeli prisons.

Al Jama-ah and the rest of the world have watched in horror, since 7 October, how millions of people in and around Gaza have become the victims of an unnecessary war. **Israel demands the release of the hostages taken by Hamas on 7 October.** Hamas in return has offered the release of the hostages, but only if Israel releases the Hamas prisoners held in Israel.

While politicians talk, approximately 10 000 ordinary Gazans have been killed in less than a month.

Al Jama-ah will now formally make the following reasonable proposal, for the sake of saving lives: Hamas should **release all the Israeli hostages**, on condition that **Israel immediately ceases the war on Gaza; and withdraws from Gaza entirely.**

If this reasonable proposal is accepted, then the war can end immediately; and the death toll can cease to rise. There is not a moment to lose.

If Hamas makes this reasonable proposal to Israel, then Israel's reason for war will become non-existent, also in the eyes of the western world, and in the eyes of many Israelis. For many in the West and in Israel, the war will immediately become unjust and we hope the West will also start to pressure Israel to cease its attacks on the population of Gaza.

We call on Hamas and Israel to implement this reasonable proposal immediately and cease the bloodshed.

President of Al Jama-ah
Ganief Hendricks MP
